**Are you a confirmed adult
communicant in good standing of
an Episcopal Church in the
Diocese of Virginia**

Yes

Signature

**Professional/educational
background**

Since 2022, I work for Improvix Technologies as a Program Manager. I manage cross-functional IT teams/projects and manage the planning, design, development, and support of financial technology applications for Federal government clients.

I hold a Master's degree in Statecraft and National Security Studies from the Institute of World Politics and a Bachelor's degree in Government and History from Christopher Newport University.

I hold Project Management Professional (PMP) and Certified Scrum Master (CSM) certifications.

I have submitted my resume to Lynn Ivey, Executive Director of ToFT if you wish to see further detail and history regarding my professional background.

Church involvement - local, diocesan, and/or The Episcopal Church

In my church life, I am a member of my church's Outreach Committee, supporting our giving efforts to local charities in service of Christ's missions to help those in need. I play an active role in supporting PathForward, a homeless shelter/rehousing charity, with Restoration Immigration Legal Assistance (RILA), an Episcopal church that provides pro bono legal advice for immigrants experiencing issues or insecurity with their status in the US, and participating with AFAC, our local food bank.

Pertinent skills you bring to this work

- Project management
- Operational management skills
- Creating roadmaps, standard operating procedures, dashboards, and other supporting documentation/artifacts.
- Knowledge of available IT solutions.
- Participated in 501(c3) board activities in past roles
- Effective writing and communication skills.

Why do you wish to serve?

I'm now entering my mid-30s and I feel I've gathered the necessary spiritual formation and professional and personal experience needed for the role. I want to give back to the Church in a bigger way as the Church played a significant role in making me who I am today, most notably by leading me to Christ.

Additionally, as a lifelong Virginian, I grew up in Suffolk, spent time living on the Virginia Eastern Shore, and now in Northern Virginia. I have seen the benefits that faith has in communities, and want to ensure that each church throughout the state has the confidence that their endowments/investments are managed by those who care and value their mission to their faith community.

My experience, perspective, and other qualities position me to support TotF's mission to be wise stewards of our clients, and the mandate to ensure the Church thrives, grows, and reflects Jesus's message to the world.

Thank you and God bless.
